

## [Associate Member Categorical Listing](#)

MBAG encourages its members to “[Do Business With A Member](#),” and publicizes its Associate Members. A survey is made at the beginning of each new membership year to be sure your company is in the correct category. If you failed to answer the survey, we have listed you under the category shown on your membership application. If you offer a service not listed, please notify the Association administration office at 478-743-8612. As new associate members join, they should advise under which category they should be listed. If you offer a service not listed below, please advise so that this list can be updated.
